To whom it may concern,

Re: Reference letter- AL TAHER LIAISON PRIVATE LIMITED / MYRA

Dear all,

It is our pleasure to recommend the services of AL TAHER LIAISON PRIVATE LIMITED / MYRA.

During the past 18 months, AS BIDUD have worked directly and closely with AL TAHER / MYRA on our main site in Rwanda, Lake Kivu project- oil and gas. These include all onshore professional works related to construction, erection, piping and installation of different kinds.

AL TAHER / MYRA provide well trained and qualified staff, experts and even equipment to handle various kinds of projects of high quality standards. The management and office services are the best recommendation for the clients' interests.

Versatility, availability of almost 24/7 and special referents for each client, made the cooperation and working relations productive, focused and most important – tailor made for our company all along the way. Highly responsible, well picked and professional employee's contribution to such projects is crucial, and that's what AL TAHER / MYRA has provided us.

AL TAHER/ MYRA has definitely raised the bar compared to various companies that we have and still working with, we fully recommend their services and will continue the cooperation in future.

“A.S - with our expertise, Wherever you need”

Regards,

Etzik Jun, VP
A.S BIDUD LDA
