## Company Recommendation: Al Taher Liaison PVT.LTD

To whom it may concern:

With well earned respect, I confidently recommend the labour services of Al Taher Liaison PVT.LTD which was under the management of Jauhar Hussain.

We had the good fortune of working with Al Taher Liaison DPM Acid Plant Project (Tsumeb, Namibia). It stands out as one of the most complex projects undertaken in the north of Namibia. Al Taher Liaison was supplying labour services to our sub-contractor Murray & Roberts. Such services included boilermakers, welders, steel erectors, concrete workers, carpenters etc... The quality and productivity of labour supplied was of high standard and was one of the key elements to a successful and timely completion of the project.

The personnel supplied from Al Taher Liaison were friendly, hard working and courteous. They worked proactively, were goal orientated and prepared their works well. A successful project depends on the people on the ground and it is again we recommend their services and would welcome their contribution to future construction teams we work with. Your inquiries are invited.

Kind regards,
