Letter of Recommendation - AL TAHER

We have worked with Al Taher for the recruitment of Indian artisans and technical specialist skills for our Tank projects in Angola. The entire recruitment process was very smooth because of Al Taher's cooperation and they exceeded all our expectations . We are very happy with the quality of skills that they provided us with.

We would recommend them for the recruitment, selection & mobilisation of skills from India.

If you have any queries please do not hesitate to contact us on the numbers above.

Sincerely,

SYLVIA FONTAINE
